

# Creekside Health Medical Clinic

110 - 2059 Lake Placid Road  
Whistler, BC

**Creekside Health** is a full-service, interdisciplinary family practice and Allied Health clinic offering evidence-based, patient-centered care in the heart of one of Canada's most sought-after mountain communities. Our clinic combines the best of conventional and integrative medicine to serve a diverse, active population across the lifespan.

Our approach emphasizes **collaboration** across disciplines, fostering a team-based environment where physicians work closely with other health professionals to offer whole-person care.

## About Whistler:

- A year-round population of ~13,000
- Over 3 million annual visitors
- A tight-knit medical community serving a high-demand region
- Proximity to Squamish and Vancouver, yet a distinct pace and lifestyle

With world-renowned skiing, snowboarding, mountain biking, hiking, fine dining restaurants and vibrant Wellness and Arts cultures, Whistler offers more than just a beautiful backdrop – it's a community that prioritizes health, adventure, and work-life balance.
